

2019-2020

BOSTON PIZZA MINOR MIDGET AAA

AWARD WINNERS

7

TOP ACADEMIC

JOSH FEHR

"Congrats to Joshua for receiving the top Academic Award for our team this year. I have known Josh for eight years and can honestly say he is one student-athlete who cares deeply about his school marks and standings. Joshua and his family realize the importance of school and they all work as a family cohort to achieve a learning environment for Josh's success."

MOST VALUABLE PLAYER

TYSON BUCHAN

"Tyson is our most valuable player.

Tyson was a player that could be counted on in the dying minutes of games whether we were up a goal or down one. His ability to play all 200 feet of the ice made him valuable to our team both offensively and defensively.

He dedicated himself to always improving, and he proved himself to be a leader both on and off the ice."

UNSUNG HERO

TREY STEHENSON

"Trey is our Unsung Hero for the 2019-2020 season. Trey combines the qualities of a leader on and off the ice. This season, Trey was one of our top scorers, and as a defenceman he continually demonstrated pride in keeping the puck out of our net. He was a tremendously important component to the growth of our team all year."

MOST DEDICATED PLAYER

BRODY WEST

"Congratulations to Brody West for receiving The Most Dedicated Player Award for 2020-21. You never had to worry about Brody's willingness to compete, learn and do anything for his team! His teammates absolutely love him for his work in all the "dirty" areas that most players have trouble with. His coaches love him because he is so coachable! Brody was an A-plus when it came to practices and played every game."

TOP DEFENCEMAN

TY DOUCETTE

"Ty is our Top Defenseman for the 2019 - 2020 season. Ty was consistently our best defenceman this season. His ability to control the pace of the game through being involved on the offensive side of the puck, or settling things down in the defensive zone was something he displayed every game."

TOP FORWARD

RHYS DOYLE

"Rhys is our top forward. Rhys was a threat to score every time he stepped on the ice. His combination of speed and strength made him hard to defend and kept us in a lot of games. He was able to change the pace of games with his speed and ability to create offense."
