

**2019-2020**

GOLDEN ARROW BANTAM AAA

**AWARD WINNERS**

TOP FORWARD

# SPENCER RHEAUME

"Spencer's 200-foot dependability and offensive touch are what make him this year's Top Forward. His responsible defensive play, high hockey IQ, and patience with the puck made it very easy to send him out in any situation. He always brings a great attitude to the rink and works hard."

TOP DEFENCEMAN

# WESLEY GOLDEN

"Wes is an all-around talented player with a very dedicated approach to the game. He is a natural leader with a huge work ethic and a coachable attitude. He lead our team on and off the ice this season as our Captain, and was a large part of our success. He played in every situation and worked every day to make the team and himself better, earning the Top Defenceman Award. "

ROOKIE OF THE YEAR

# REIS NYLAND

"Reis is an all-around hockey player with a massive work ethic, coachable attitude, and a team first drive.

Throughout the season, Reis earned special teams' minutes and was used in almost every situation. His desire to win, work ethic, and team-first attitude are what earn him the Rookie of the Year Award. "

MOST DEDICATED

# CARTER HENSCH

"Carter was one of our leaders this year and brought a no-quit attitude every day. Carter's game brings high hockey IQ, vision, and dedication which earned him plenty of opportunity this season. His attitude, desire to win, and will to improve are what make him our Most Dedicated Player. "

UNSUNG HERO

# JAXSON WALKER

"In preseason, we asked Jaxson if he would be comfortable trying a few reps as a defenceman. Jaxson's coachability, work ethic and desire to learn turned him into one of our most reliable players. His natural strength, skating, and physicality made him very difficult to play against. Not to mention his ability to belt out a good ole country song on the bus!"

MOST VALUABLE PLAYER

# ZACK SHANTZ

"Zack's talent is unbelievable; he led the league in goals, was fourth in points, and lead the Northern Conference in both this season. Zack is driven by his love to score; even in practice - I've never been around a player that loves goals, including his teammates, as much as he does. Zack grew a ton this season, not only as a player in his defensive capabilities, but as a person; being asked to grow up and move out as a billet in his 14-year-old season."

TOP ACADEMIC

# SPENCER RHEAUME

"Apparently Spencer's high IQ isn't limited to on ice. With his smarts and work ethic, I am not a bit surprised to see him getting good grades in school as well."
